

Boclair Academy

Supported Study

2022 / 2023

Block 1 - Monday 31st October to Friday 16th December

Block 2 - Monday 20th February to Friday 31st March

Attendance

Pupils are encouraged to attend on a regular basis when possible. There is no need to sign-up in advance – staff will keep a register of attendance.

Schedule

Monday & Tuesdays: 4.00-4.50pm

Wednesdays, Thursdays & Fridays: 3.10-4.00pm

Transport

Free school buses will be available to return home after sessions on Mondays, Tuesdays, Wednesdays and Thursdays.

Top tips for revision – BBC Bitesize

Tip 1

Rather than passively repeating information over and over, try to elaborate on the information meaningfully, connect it to information you already know, and relate it to yourself and your life.

Tip 2

Testing yourself often, for example with flashcards, is a great way to remember information. Don't cram too much information on each card – use cues to prompt yourself on single concepts.

Tip 3

You can use mnemonics to remember all kinds of things, for example in physics, the visible light spectrum can be remembered by:

Richard **O**f York **G**ave **B**attle **I**n **V**ain

the more bizarre the better. You can use things that are personal to you to help you remember.

Tip 4

Mind maps can help you make links within subjects and can be a great way to elaborate on, and make connections between, topics.

Tip 5

The 'memory palace' can help you visualise and remember sequences by linking words to objects in an imaginary room. You can write a story using the objects and tell the story from memory to recall that list of words.

Tip 6

Space out your revision a little bit every day rather than cramming it all in the night before, then go back after a period of time and try to remember it. This is called the 'spacing effect'.
