

Boclair BookEnds, our reading group, is held in the library on Wednesday lunchtimes. Our members come from all year groups.

Our members have been very creative this year and after making and decorating Christmas trees have now moved on to making hedgehogs and paper roses. These are all made from recycled books.

We participate each year as a Shadowing Group for the Carnegie award and also take part in the Scottish Teen Book Award, which is run by the Scottish Book Trust.

We undertake a variety of book related activities each week, including reading and reviewing the new books in the library.
