

S1 Curriculum

Music & Music Technology

Our S1 pupils visit the department twice a week and experience a vibrant course built on practical music making from the very outset. Pupils develop basic skills on 6 different instruments and voice. They experience creating music using a variety of music technology via remixing and basic recording tasks. Our busy wider achievement programme ensures all pupils can participate in an inclusive whole-school club at lunch or after school and be part of our high profile concerts in December and June

- **BGE introduction to Instruments** - 4 period 'taster' units on Drumkit, Bass Guitar, Guitar, Keyboard, Ukulele & Tuned Percussion
- **Orchestra Unit** using BBC Ten Pieces Resources
- **Rock & Roll Unit**
- **Remixing** using Garageband & Soundation
